A. The Reputation Defense (Lesson 6.1):

- **The Mock Review Response:** Imagine you received a 3-star review saying: *"The quality was okay, but they missed the deadline by two hours and didn't apologize."* * **Task:** Write your professional public reply here:

e.g. The Mock Review Response: "Thank you for your honest feedback. I sincerely apologize for the two-hour delay and for not communicating this sooner. I have since updated my delivery schedule to ensure every project is submitted early, and I'd value the chance to show you this improved process on a future project".

Thank you for your honest feedback and for trusting me with your project. I sincerely apologize for the two-hour delay and for not communicating it on time. I take deadlines seriously. I have now updated my delivery system at MAS ARTIFICS to ensure every UI/UX project is delivered 12 hours early with a progress update. I would value the chance to work with you again and show you this improved process.

- **The Soft Pivot Template:** Create a customized "Soft Pivot" script for your specific niche to handle a client asking for a "small favor" that is actually extra work.

e.g. The Soft Pivot Template: "I would be happy to handle those extra revisions for you! Since this falls outside our original project scope, it will require an additional fee of \$20. Should I send over an updated contract for us to get started?"

I would be happy to handle that extra dashboard screen for you! Since this falls outside our original scope for the Swift2Pay fintech app, it will require an additional fee of \$25 for the design and interactive prototype. Should I send over an updated contract for us to get started right away?
