The Consultant's Value Ladder

2. Downloadable Worksheets & Further Reading Hub

A. Worksheet: "The Consultant's Value Ladder"

- **Purpose:** A fill-in-the-blanks tool to help learners map out how they can grow a single ~~₦~~15,000 job into a ~~₦~~45,000 project.

Step 1 (Basic Job): Designing one company logo for ~~₦~~15,000.

Step 2 (The Value-Add): Suggesting an animated version of that logo for video content.

Step 3 (The Growth Project): Turning the logo into a full "Brand Identity Kit" including social media banners and business card designs for a total of ~~₦~~45,000.

THE CONSULTANT'S VALUE LADDER - UI/UX Design (MAS ARTIFICS)

Purpose: To grow a single ~~₦~~15,000 job into a ~~₦~~45,000 project using consultant mindset.

Step 1 - Basic Job (~~₦~~15,000): Designing one landing page UI in Figma for a small business, ready for Lovable AI build.

Step 2 - Value-Add: Suggesting a mobile-responsive version and clickable interactive prototype with animations, so the client can test the user flow before development.

Step 3 - Growth Project (~~₦~~45,000): Turning it into a full Startup Launch Kit including landing page, 3 dashboard screens, mobile versions, design system with components, and developer handoff file for a total of ~~₦~~45,000.

B. Further Reading Hub (PDF Links/Copy):

- **"The Early Truth Manual":** A guide on how to communicate delays professionally without losing client trust.
- **"Nigeria's Fintech for Freelancers":** A simplified guide on using apps like PiggyVest or Kuda to automate the "3-Jar" savings system.
